

# DSPS-*Prominent*<sup>®</sup>

The next generation in head, neck and shoulder immobilization

\* Patent pending

## “Patient comfort is patient control”

DSPS-*Prominent*™ is the latest advancement in the renowned Double Shell Positioning System (DSPS®) product line. With its unique cantilevered frame and expansion of the treatment area to the full head, neck and shoulder region, DSPS-*Prominent*™ offers personalized comfort and high treatment accuracy.

## Clinical Advantages

- High precision immobilization.
- Suitable for use with the dedicated MR Head Coil to ease imaging and workflow.
- Use of patented thermoplastic material with no shrinkage.
- The target area is expanded to the total head, neck and shoulder area.
- Optimized patient comfort and accurate reproducibility.

## Designed for dedicated MR Head Coil

DSPS-*Prominent*™ is designed to create optimal patient positioning inside the dedicated MR Head Coil for improved imaging quality during MRI procedures.

The system is compatible with Philips Ingenia 1.5T/3.0T MR-RT, Ambition 1.5T MR-RT, Elition 3.0T MR-RT and Evolution 1.5T MR-RT systems.\*

### Testimonial

“With this innovative mask system that fits into the conventional Head Coil, we expect to acquire HN images for RT planning with diagnostic image quality and great patient comfort. This will save scan time and patient burden.”

- Marielle Philippens, MD, PHD, Associate Professor,  
UMC Utrecht, The Netherlands
